

a1  
coke

that drains directly into the sink and which can be stored with the tray in the drainer.

Please substitute for page 4, line 24-25 of the specification the following rewritten versions of the text, as amended:

a2

FIGURE 2 is an exploded perspective view of the dish drainer and tray shown in FIGURE 1 with a silverware container;

The changes are shown explicitly in the attached "Version with Markings to Show Changes Made to the Specification" attached hereto as Appendix A.

#### In the Claims

In accordance with 35 C.F.R. § 1.121, please substitute for pending Claims 1, 3, 12-15, and 17 the following rewritten versions of the same claims, as amended. The changes are shown explicitly in the attached "Version with Markings to Show Changes Made" attached hereto as Appendix B.

a3  
~~Sub B~~

(Amended Once) A dish drainer and tray set comprising:  
a dish drainer having an interior and a base;  
a tray having a footprint larger than the base of the drainer when the tray is in a first deployed configuration; and  
the tray being compacted to a size sufficiently small to allow the tray to fit entirely within the interior of the drainer when the tray is in a second storage configuration.

a4  
~~Sub B~~

3. (Amended Once) The set of claim 1 wherein the tray includes at least one hinge, and wherein the tray is folded about the hinge when the tray is converted from the deployed to the storage configuration.

a5  
~~Sub B~~

12. (Amended Once) The set of claim 9 wherein the silverware compartment is sized to fit entirely within the drainer interior when the tray is in the storage configuration.

*SAC* 13. (Amended Once) A combination dish drainer, tray set and package comprising:

a dish drainer having a bottom, walls and an open top which together define a drainer interior;

a tray configurable in a first compacted storage configuration and a second deployed configuration, the tray fitting entirely within the drainer interior when in the storage configuration and having a footprint greater than the bottom of the drainer when in the deployed configuration, the tray being in its storage configuration; and

*A/C* a package sized to contain the drainer, wherein the package is too small to contain the tray when in the deployed configuration.

*Sub Comt* 14. (Amended Once) The combination dish drainer, tray set and package of claim 13 wherein the package is selected from the group consisting of corrugated, folding carton, or plastic film packages or packages made from combinations thereof.

*C* 15. (Amended Once) The combination dish drainer, tray set and package of claim 13 wherein the tray is folded <sup>when</sup> in the storage configuration.

*A/C* 17. (Amended Once) The combination dish drainer, tray set and package of claim 13 further including a silverware compartment selectively attachable to and detachable from the tray when the tray is in the deployed configuration, the compartment being placed within the drainer interior.

*SAC* Please add Claims 18 and 19 as follows:

*C* 18. (New) The set of claim 1 further including packaging sized to contain the dish drainer, wherein the packaging is <sup>not of sufficient size</sup> too small to contain the tray when the tray is in the first deployed configuration.

*A/C Sub Comt* 19. (New) The set of claim 18 wherein the packaging is a plastic film.
